

Management Consulting

Creative solutions to achieve
your business goals.

Nexia Australia understands the needs of your organisation. We deliver value-added services to improve your organisation's performance and help achieve your objectives.

Our Management Consulting team offers you innovative ways of adding value that focus on creativity, ingenuity and lateral thinking solutions. Our key advantage revolves around the agility and responsiveness to your needs that we bring to our working relationship, so that solutions are practicable and scalable to ensure we deliver on our promises.

Nexia Australia provides price competitive services and advice that offer organisations in both the public and private sector excellent value for money and an outstanding value proposition.

We work with you to implement the necessary improvements and strategies required to achieve your goals, irrespective of the size of your organisation.

Our Management Consulting services include:

- Strategic planning and strategic reviews including the development of strategy or direction for whole-of-business
- Business process improvements and business re-engineering
- Operational and financial process improvement reviews including the advising and implementation of operational and organisational change
- Financial modelling, operational cost reviews, pricing services and costing applications for organisation and project evaluation
- Diagnostic analysis and evaluation of transactions and business processes including risk assessments and best practice recommendations
- Analysis and re-design of workflows and processes in order to improve business management strategies and profitability
- Cost savings and efficiency reviews
- Management reporting and budgetary control reviews
